## Minsol Kim

FastScripts by ASAP Sports

**Q. Can you talk us through your round today, what worked, what were you proud of?**

MINSOL KIM: Compared to the previous two rounds results I was a little bit disappointed because today's start was good, but the first bogey I made was my mistake and it was really disappointing. After that my rhythm wasn't really what I planned. And also I have few more chance on back nine but I missed them. So that makes me a little disappointed.

**Q. What happened with the bogey?**

MINSOL KIM: Actually, tee shot was okay, even if it went to that fairway bunker. But I managed to get the ball out of the bunker and the third shot was distance was like 70-something. But I missed it, I made a mistake. And then a 3-putt.

**Q. We saw two birdies today. What happened on them? Can you talk us through what irons were you using, what clubs.**

MINSOL KIM: Of course the first two holes I made a birdie, but after that I was struggling. So I remember the last hole, 18, the birdie, it at least it gave me a little bit more confidence for tomorrow's round.

**Q. Yesterday you said you didn't like 18, but today you improved by making a birdie on the 18th. Can you talk us through how did you approach that, what did you do to improve from yesterday?**

MINSOL KIM: It depends on the driver distance. If it's a little bit close to the green it's easier and I can make a birdie. But if not, it's a whole different hole. So that's the only difference between the hole strategy. But today it was okay.

**Q. What do you think you need to improve on and practice this afternoon before the final day?**

MINSOL KIM: Today my putting wasn't very good, so only practice on putting, yeah.
