## Yujie Liu

**Q. How are you feeling? How was it out there for you today?**

YUJIE LIU: For today, I think it's a bit painful and also a little bit stressed for me because my two-yard putt and also three-yard, I kept on missing them, and then I had lots of bogeys.

But on the 18th hole, I played a birdie, so that's pretty good.

**Q. Can you talk us through that birdie?**

YUJIE LIU: So my driver was really good. It was kind of far for me. Then my 3-wood was really solid and really straight. Then the third shot, it was 50 yards to the hole, and I used 58 degrees and control, and then it landed nearby the hole for like one yard, and then yeah, I putted it in, so it's great.

**Q. What have you thought about the experience this week? Have you learnt a lot?**

YUJIE LIU: Yeah, I've learned a lot from the players and also how do I solve the problems on the golf course. So there's a slope, it's kind of like this way, and then I keep on hitting flat on the ground, so I made lots of bogeys on the second day.

Now, I've figured out how to play it and also how I play when I'm in a bad kind of position, and then for example, I'm in a divot, and then those kind of shots.

**Q. Are you proud of how you've handled yourself this week being the youngest player out there?**

YUJIE LIU: For me, I think this week, I did pretty well because it's my first time playing four days total, and then also this kind of big tournament, the amateur tournament, so it's a big challenge for me. Also, I think I have lots of experience after playing in this tournament, so I think I did pretty well.

**Q. What are your plans for the future? What are your**

**goals?**

YUJIE LIU: For my future? I'm not sure yet. But for the next two months, I'm going to rest, and then I'll be in Beijing.
