Avani Prashanth

Q. Avani, I'm sure not the day that you were hoping for. Wasn't all bad out there. Can you assess the round for us?

AVANI PRASHANTH: I mean, I hit probably every fairway, but my approaches were just either too long or too short. Everything in the line of the pin, which is very frustrating.

I mean, I couldn't convert after hitting it that far off. Otherwise, it's a good thing that I hit all fairways. Hopefully, tomorrow is better, and I'll just go work on my approaches now.

Q. Still plenty of positives, as you say. There were a lot of girls that went low today. I know you have that in you. Tomorrow that must give you some confidence as well.

AVANI PRASHANTH: Definitely does. I know that I can shoot low. After hitting every fairway, I gave myself a chance on every single hole. I have to get my approaches close, and I'll start making a lot more putts. That should get me my low round tomorrow.

Q. Is the mindset to just be aggressive?

AVANI PRASHANTH: Yeah, I've got nothing to lose, just go for the kill on every hole.
