ASIA PACIFIC

Q. Intissar, +3 today after your first round. How did you feel after that first round?

INTISSAR RICH: That was not bad. Front nine I start with; was better than playing in the afternoon and the wind.

And then, yeah, my putting wasn't that good today, and just helped me to just to read the greens and everything.

But the course was amazing. I hit really good shot today. Still I can do better tomorrow and rest of the days.

Q. Sounds like a couple small mistakes and you're confident you can fix those tomorrow.

INTISSAR RICH: Yes, I just need to change some course management. Course management was not that good today. The wind changed between yesterday and today, so you need to change the strategy.
