Q. Yunseo, 5-under today. Great round. Can you tell us a little bit about your round.

YUNSEO YANG: Definitely the less wind was helpful for my second round. I felt a little more confident in my game. And also yesterday after the first round I practiced and focused on my short putting and it really helped for my second round.

Q. Yesterday, was that the problem you were having with your round? Was it putting?

YUNSEO YANG: Yes, putting was a problem but it's not all I had yesterday. It was like a struggling with shot as well, yes.

Q. It's a five-shot turnaround. You must be happy with that after even par and 5-under today.

YUNSEO YANG: Of course it's just so happy to see my name on the leaderboard, unlike yesterday. But it's just second round. I hope I can see my name on the leaderboard again tomorrow and the last day.
