Lion Higo

**Women's
Amateur**
ASIA PACIFIC

Q. Lion, 1-over for the day. Still pretty good score in those conditions.

LION HIGO: Yeah.

Q. How do you find it?

LION HIGO: It was definitely more challenging than yesterday with the winds being up a lot. But, yeah, I think I didn't really hit my shots that great today. I was just kind of scrambling on the front nine; then kind of settled down a bit.

But, yeah, still wasn't able to get as many birdies as I would've liked. Overall, it was an all right day considering.

Q. You're right in the hunt for the championship. What did you need to fix? Just need to be a little more aware of the elements I suppose?

LION HIGO: Yeah, I guess just trying to get myself out there like with these conditions, and then with experience you'll be able to choose better clubs out there. Hopefully I hit it a bit better tomorrow, so maybe I'll work on a few drives after this.

Yeah, overall I think I will just try and stay steady and do my own thing out there.

Q. You mentioned experience a little bit. You did have a laugh yesterday. Thought you were one of the older players in the field. At 22, still plenty of golf left in you. How has your career been to date, and where does this rank, to win it all?

LION HIGO: Yeah, this is one of the tournaments I've wanted to play in for a long time, and being away in college the past three and a half years I feel like was a great experience as well.

Yeah, we'll see how the next two days go. If that ends up being where I am, that would be amazing.
