Soomin Oh

**Women's
Amateur**
ASIA PACIFIC

Q. Soomin, round of 4-under today in some tough conditions. You're right in the mix for the tournament. Can you talk us through your round?

SOOMIN OH: Unlike yesterday for my first round, the wind gets strong before I tee'd off at hole number one. That made me more focused on my game and my play and my every shot. So this actually worked and helped for my second round. In general I'm pretty much happy with my second round.

Q. It feels like when the course has a wind like that it feels like a course you've really got to think your way around, think about your shots, think about your placement. Is that how you played today, course management very good?

SOOMIN OH: It's definitely have to think about the course management because the winds get blow. Even if I shot really correct, it doesn't guarantee the ball landed on the right position.

But at the same time, I try not to worry too much about the conditions. So rather than just worry, I planned not really specifically, so that actually helped for the second round.

It did really well. Even from some difficult situations I was in, yeah.
