## Annabell Fuller

**Q. Nice win this morning to progress to the last 32. How pleased are you with that?**

ANNABELL FULLER: I played pretty well this morning. Hats off to Katri Bakker (Finland). She played amazing, as well.

I just luckily, like, kind of had a couple putts that dropped, and kind of obviously took a couple holes extra and it helped me kind of secure the win.

**Q. So you kept the form going from the stroke play, which looked like a solid performance?**

ANNABELL FULLER: Yeah, I didn't really make too many big mistakes. I was pretty solid. A couple, I made more sensible choices I guess off the tee which means I had a lot more pars than being aggressive. Today I went for a couple more pins but it's kind of the difference between stroke play and match play.

**Q. Coming back from Curtis Cup and the disappointment there, do you raise yourself personally for this week?**

ANNABELL FULLER: Yeah, Curtis Cup is a lot of fun as well. I got to play three rounds with, like, my best friend and that's obviously so much fun. It's a week of enjoyment, and I got back, and it's not like you get back to serious golf because the golf there is extremely serious.

But you get back to kind of golf by yourself. You don't have anyone supporting you, and you take your time a bit more.

**Q. How nice would it be to go the full distance this year?**

ANNABELL FULLER: It would be unreal. It would be really nice. Not last year, but the year before, being so close, like it's hard to come back and not want the same thing again, but obviously turn out to be better..

**Q. Do you think about the exemptions and what would come from it?**

# R&A THE WOMENS AMATEUR CHAMPIONSHIP

ANNABELL FULLER: Of course. I just played in the U.S. Open. That was amazing, and to have the opportunity play in the other three as well would be so much fun.

**Q. And your form this year has been really good, a number of Top 10s. You'll be looking to keep it going the next couple days?**

ANNABELL FULLER: Yeah, absolutely. I've been hitting it pretty good and playing pretty solid, so just keep doing that.
