Louise Rydqvist

Q. Great effort, proud of yourself?

LOUISE RYDQVIST: Yes, I am very proud of myself. It's been an absolute incredible week, and as I said yesterday, this is my biggest achievement in my golf career so far, and I am very, very happy with what I've done, and yeah, I'm really, really excited.

Q. Still a bit disappointed? I actually thought you were going to make one of your greatest comebacks that you've done a lot this week.

LOUISE RYDQVIST: For sure. I mean, I didn't really play my best golf out there today to be honest, and of course that can be a little frustrating.

But I definitely fought hard, and I did everything I could. I would never let anything down, I keep on fighting, and I'll be back next year.

Q. How much did you enjoy the course, as well, and just being here?

LOUISE RYDQVIST: It's been awesome. I played ten rounds here now. I'm not even bored of the course yet. It's absolutely amazing. You find new shots everywhere.
