Tony Lloyd

THE G4D

OPEN

Q. So Tony Lloyd, how do you feel you've played this week?

TONY LLOYD: I'm thrilled with how I played this week, three rounds in the 80s, where last year, three rounds in the 90s and the course beat me up. I came here and got the redemption I wanted this week. Very happy with my play this week.

Q. One round was 81.

TONY LLOYD: Yeah, with four birdies in there. I was thrilled. Just couldn't quite get the putter working today. Otherwise I certainly could have matched or even beaten it today because long game and stuff like that was great today.

Q. And what advice, for any young player who sees you on social media or on the clips of the tournament, what advice would you give them if they wanted to reach their potential through golf?

TONY LLOYD: This is the simplest thing in the world, is practise, practise, practise. The only way you'll get better is by repetition and trying to improve.

Q. Who are the first people you'll be telling about your brilliant performance today?

TONY LLOYD: I think I'll be ringing my wife later on and let her know that I bought a new shirt which I promised myself if I hit my desired target, and then I'll be phoning the rest of my family and friend as well just to let them know.

Q. Will you be in trouble about the shirt?

TONY LLOYD: A hundred per cent, yeah. I really know how to -- if I buy a new shirt or a new golf hat, then I have to throw an old one out. I probably just won't tell her.
