Quick Quotes

Q. Tell me about your round today. It was a good finish.

STEPHANIE MEADOW: Yeah, nice finish. I hit it in the rough on 18, had to pitch out, then got up-and-down from 190 yards, so that was a great finish. Overall just a really solid day. Hit a lot of fairways, a lot of greens. You just have to play smart around here, and that's what I did, and looking forward to the weekend.

Q. What was the toughest part today?

STEPHANIE MEADOW: There definitely were some sucker pins out there where you could go after them and get in big trouble. Obviously we got I think the nicer weather this afternoon. We got the worst weather yesterday.

Yeah, it's just one of those golf courses you have to hit good shots. If you don't hit good shots, yeah, big numbers.

Q. It's kind of getting harder every day, no, with the wet conditions?

STEPHANIE MEADOW: Definitely, yeah.

Q. How do you prepare for this mentally and physically?

STEPHANIE MEADOW: Well, we all know it's a major, so even par or a couple over is okay. I think you go about your business and you take it away from the pins and try and make pars rather than our usual firing at everything. Once you accept that, then you're good to go.
