Lee-Anne Pace

Press Conference

Q. Another round. You're still hanging around. Tell me a little bit about today.

LEE-ANNE PACE: Just a couple of good ones, a couple of bad ones. My longer putts were really good. Placement was good. My driving was excellent, which was key.

A little bit disappointing on the last hole to miss the fairway at such an easy birdie, but all in all a really good day.

Q. The feeling that the course is changing every day, and there are things that you have to adapt to.

LEE-ANNE PACE: Definitely. Yeah, today the greens, everything, was quite a bit softer. Even the fairways were definitely softer, so you had to think a little bit more.

Q. I mean, I will say tomorrow, last day, probably tougher.

LEE-ANNE PACE: Yeah, probably, yeah. Can expect some tough pins, I think.

Q. And physically tiring.

LEE-ANNE PACE: Yeah.

Q. What is your mindset?

LEE-ANNE PACE: I have to get good rest tonight and then just doing pretty much the same as what I've been doing. It's been working for me. So fairway, green, try and make the putt, and see at the end what happens.

Q. I was asking you a couple of days ago what it reminds you of, the way you are playing here this week? You were saying the time where you were winning.

LEE-ANNE PACE: Yeah, right.

Q. So is this almost better than that, do you think?

LEE-ANNE PACE: Winning? No, I don't think so. Winning is great.

Q. No, the way you're playing.

LEE-ANNE PACE: It reminds me of that because I feel confident. I feel like I can hit the shots that I want, and if I don't, it's not that far off. Yeah, I feel good about my game. Really good.
