**KEEGAN BRADLEY:** They fought all day. They really did. They fought all the way to the end. Proud of the way they did that. Europe has played really, really phenomenal golf, but the boys fought. It was a really tough day, but they fought hard.

### Q. What are you seeing from Europe?

**KEEGAN BRADLEY:** Well, I'm seeing what looks like to be historical putting. They're making everything. They're a great team. They're great players. They're a tough team to beat.

**Q. We talked about this before the matches started, what you wanted from the crowd and what you were concerned about if it happened to cross the line. Where is the balance right now in your opinion?**

**KEEGAN BRADLEY:** Oh, I mean, we've got passionate fans out here. Their fans are loud, too. You can hear them right now. It's an honor to play in front of the New York fans.

**Q. Your last chance to address your team before you go out to the matches tomorrow, what's your message to them?**

**KEEGAN BRADLEY:** 28-3. I was at that Super Bowl. I watched it. What a cool thing to have witnessed live in person.
