6-4, 7-6

THE MODERATOR: Questions, please.

Q. Would you walk us through the match, how you performed today.

CAMILA GIORGI: I think it was a great match. I think I was very consistent. It was a great level I think.

Q. Do you think you're playing the best tennis of your career so far?

CAMILA GIORGI: I think is the first time I don't have, like, interruption. I have consistent. I play many, many tournaments now in this year without stopping. So I think this is the key.

I didn't have in other years. I think I always had some issue physically or, like, injury or something. So I think now I'm playing my game really.

Q. What do you think is your greatest strength in this tournament so far?

CAMILA GIORGI: I think I'm very consistent in all the parts of the court. In the baseline I'm just solid. Serve, too. So I think I'm playing good.

Q. Could you talk about your next possible opponent. What do you know about them and how will you prepare?

CAMILA GIORGI: I think my key is going to be I focus on my game, like I do usual. Of course, it's going to be another great match. I think I just want to focus on myself.

Q. I think it was a surprise to everyone how good your French was. I was wondering where that came from because it was impressive.

CAMILA GIORGI: Thank you. I did my school in France. I finish my degree in Paris actually when I was 18. Actually I

was there like living for five years. Then of course in all these years I didn't practice a lot (smiling). I just love this language really.

Q. It's an easy way to get the Montreal crowd to support you.

CAMILA GIORGI: Thank you.
