

B. ANDREESCU/B. Krejčíková

6-3, 6-4

Q. If you could just take us through from your perspective how it happened at the end of the match, what you felt, any prognosis you've been given so far and plans for exams in the morning?

BIANCA ANDREESCU: Yeah, it's definitely unfortunate what happened. So, yeah, I just have to wait to see tomorrow morning basically what the prognosis is and then go from there. I'm hoping it's nothing serious.

Q. It's just the left ankle that you twisted on the court?

BIANCA ANDREESCU: Twisted, yeah.

Q. How did it feel especially I guess when you came back on to the court for those last three points with the crowd getting behind you and all their energy? Obviously it felt quite special, and it obviously took you over the line. Describe how that felt.

BIANCA ANDREESCU: Definitely. I was overwhelmed with many different types of emotions, but definitely without them, I don't know how I would have pushed through like I did. Obviously I got a little bit lucky. She missed both returns, so that obviously helped.

But, yeah, it's definitely tough for something like this to happen, especially at home. So I'm just, yeah, hoping it's nothing too serious, and I can play more.
