## Jalen Green

Media Conference

Golden State Warriors 104, Houston Rockets 93

### Q. What were you saying after the final buzzer?

JALEN GREEN: Just talking. You know, Steph had a good game. That's the reason they won. Just, yeah, it was just talking. You can't really do much of anything else. Talking is the only way.

### Q. Why was Steph able to get through tonight?

JALEN GREEN: Our rotations was just pretty poor today. We got to be better at rotations. We know what to do. We've done it before. We've just got to get back to that.

They seem like -- every time they came off a screen. Nothing different. Loading up. I feel like was making the right reads. Yeah, we just got to hit shots. It was one of them games we didn't score well, put the basketball in the basket. Yeah, the defense was good enough. Held them to 95 until the last three minutes of the game. We just got to score the ball, unless we mix that in with playing defense, it's our game.
