## Jesus David Murillo

Press Conference

LAFC 1, Vancouver 1

THE MODERATOR: Questions, please.

### Q. (Question in Spanish.)

JESUS DAVID MURILLO: (Translated from Spanish.) The opportunities we created the second half was worth more. Unfortunately soccer isn't about what you deserve, but more about the result. We must continue with hope knowing we still have an opportunity left and we got to give it our all.

### Q. (Question in Spanish.)

JESUS DAVID MURILLO: (Translated from Spanish) We're aware there's one chance left. We must go and continue to try to do things right. We must continue dreaming. After all the chances we had didn't good our way, but we must continue training, go in with the best attitude, the next game take care of that advantage.

### Q. (Question in Spanish.)

JESUS DAVID MURILLO: (Translated from Spanish) After a long year with maybe challenges and injuries, yeah, it feels great to have some of our players back as you mentioned. It gives us hope. It continues to give us confidence. We know that opportunities are still there, like I said. Our hope is still alive, as well.

### Q. (Question in Spanish.)

JESUS DAVID MURILLO: (Translated from Spanish) We have faith and we know we'll make the (indiscernible) for playoffs. We still have one last game. We're going to continue fighting till the end.

We have Sunday's game left. After that, as you asked, yeah, it's up to everybody to make their own conclusions on whether it was a good or bad season. We know we must continue working. We have one game left. We must continue to focus on that.

### Q. (Question in Spanish.)

JESUS DAVID MURILLO: (Translated from Spanish) On what you asked, if I consider myself, yeah. We know we've had opportunities. Sometimes we make mistakes. We have to pick up our head and continue from there. This year was odd. A great amount of injuries. We missed players due to national teams. We had to reinvent ourselves. We're still here fighting. There's opportunities left. We have to continue fighting.

On a personal level, I will always continue working and hope to continue to get better. It's my first year. We still have an objective, which is to get to the trophy. We're going to continue to work towards that.
