TV Interview

Sunday, June 13, 2021

Fort Worth, Texas, USA

An Interview with:

Brad Keselowski

Q. Brad, a great battle there at the end. You were oh-so-close to clearing him but not quite. Not a bad day overall, but not the win you wanted.

BRAD KESELOWSKI: Yeah, it feels like just to run second to the Hendrick cars right now is kind of an accomplishment. They're just stupid fast, and I had him off of Turn 4 but they just have so much speed. He just motored right on back by me, like damn.

But feels like a first-in-class day with the Discount Tire Ford. Jeremy Bullins and the team did a great job of executing and getting us in position. We just didn't have enough speed to make the most of it, but good execution day and I'm proud of that.
