*An Interview with:*

## Christopher Bell

**Q. Absolutely dominant performance at the end of this race. It didn't come without some adversity. Had to overcome a pit stop. You came from 20th on the last restart. How does this one feel?**

**CHRISTOPHER BELL:** Man, this one feels really good. Just a credit to Adam, man. Adam, my engineers, my crew chief, all the mechanics on this thing. You don't get cars like that very often, as you know. Just super, super proud. Proud to be on this 20 car. This Rheem Camry was amazing today. I feel like we have capability of running races like this a lot. Hopefully this is the first of many this year.
