## William Byron

**Q. William Byron comes in fourth today, plus 27 points. It seems like you guys kind of had the day you needed to have points-wise. Is that how it felt behind the wheel?**

**WILLIAM BYRON:** Yeah, but we need to win. I think that we improved a lot as the race went on. Really, really proud of my guys, the adjustments, just keeping up with the car and the racetrack.

It was pretty dire there in the beginning of the race, then we had that two-tire call, got a bunch of stage one points. We really managed our race well, had really a good shot at winning in the last stage. The 20 was really good.

Yeah, came down to fuel mileage there. Just a bummer. We were scoring a lot of points, in the hunt for the win, then didn't get a chance to fight for it there at the end.

We'll go to Homestead. It's a really good track for us. Work on a few things. Should be able to have a really good day there.
