An Interview with:

Bubba Wallace

Q. Bubba Wallace, pulling off a three-wide battle at the end to get the win. Your first Duel win, Bubba. You told me before the race started you wanted it to be a nice, calm race. It looked a little wild out there, but nonetheless, a great job by the 23 car and you.

BUBBA WALLACE: Thanks. Man, what a night. The crowd is loud tonight. Appreciate you guys. I hope that was a good race. There we go.

Thanks to Tyler. That was awesome to see two team cars work together that well and learn a lot for Sunday. Did a great job pushing me. Our McDonald's Toyota Camry was really fast. Two different balances from being in the pack to being out front. Have some work to do there.

I've wanted one of these Duel wins for so long. All my buddies got one. Tyler got one last year. I was pissed off. I got one now. I'm good.

Q. You got the boss Michael Jordan one. I think he'll be pumped up.

BUBBA WALLACE: I think he got in last night. It will make up for last night. We always know the Toyotas will race really well in. All in all, good day, good night.
