*An Interview with:*

## Parker Kligerman

**Q. It has been one heck of a celebration down here on the front stretch. Parker Kligerman returns to Hendrick Motorsports this year on a part-time basis. Parker, this is Daytona. You just won at Daytona, Bud?**

**PARKER KLIGERMAN:** Daytona, come on! Let's go! Biggest win of my entire life.

Thank you, Don and Charlie Henderson. I wish they were here right now. Scott, we did it finally! Scott Borchetta, thank you for getting us this beautiful truck; Chris Carrier, who makes this whole thing happen.

I'm out of breath. I can't believe it. I was just making moves. Every move I made felt like it worked. For some reason it really did.

These guys built an amazing truck. I can't believe we're here. Thank you, Spiked Coolers. Finally get them in victory lane after the last two years means a lot.

This has been so close the last couple of years. This means so much to win in the biggest place. We're doing all the TV stuff today, talking about how much this place means.

And all of you fans here at Daytona, thank you so much! God, I love this place. I love racing. I love winning.

I'm ready for the next chapter of my life, but this one means a lot. Happy Valentine's day to all the moms out there as well. Love you, Mom.
