## Jimmie Johnson

**Q. Seven-time Jimmie Johnson brings it home third, his best finish in this Next-Gen car by a lot. Smiles all around. How good does this one feel for you?**

**JIMMIE JOHNSON:** This feels incredible. I have emotions that I didn't expect to have. I've never been in this position as an owner, and it's really opened up a different set of emotions. And the pride that I have in this result and the pride that I have in this company, now that we're trying to achieve and the journey we're on, I am so satisfied, so happy right now.

Excited that we have two cars in the top 5. I hope Shaq is watching. Thank you, buddy. We got your car in the top 3. A big thanks to Carvana and their continued support, Mobil 1, AdventHealth, Family Dollar, Dollar Tree. It's been an interesting couple of years and to have our cars come out and be this strong, this Toyota was rocketship fast. I'm just smiling inside and out.
