### Daniel Suarez

**Q. Daniel, hard battle at the end of the race with Josh Berry. You had a lot go right for you today, but I know it's got to be disappointing to be that close.**

**DANIEL SUAREZ:** Yeah, a little disappointed. But first of all, congratulations to the 21 team and Josh. They did a great job. They've been fast lately. They've been in contention. So congratulations to them.

We did everything right, you know? The team did an amazing job on the strategy, pit stops. We did everything right. Our car was fast. We just struggle a little bit in the short run. I mention to my crew chief just a little bit ago, before the last run, I told him, Hey, we want to be up front, I need a little bit better short run. I am having too much contact in one and two.

Unfortunately I feel like that's why we lost the race, just a little bit too much contact. I mean, I almost wrecked in one and two.

But overall, just very, very proud of everyone at Trackhouse. We've been working very hard and it's showing. Freeway Insurance, Chevrolet, Coca-Cola, Quaker State, all the sponsors that help us be here today.
