### Ryan Blaney

**Q. Ryan Blaney comes home third, ties a career best finish here for Kansas. How would you evaluate your day?**

**RYAN BLANEY:** Yeah, overall good day. I think we were third in both stages and finished third, and honestly we were kind of running those guys down quick there at the end the last handful of laps. I just kind of restarted too far back and had to make up a lot of ground.

It took a lot for my car to come in. I think five more laps, I think I probably would have scared the 5 a little bit at least.

But no, really proud of the 12 boys today. Appreciate the Worth Group being on board for it, Menard's, Bodyarmor, Dex Imaging, everybody. Really good last couple weeks bringing fast race cars. Hopefully we can continue to do that, keep learning and move forward, but overall a really good weekend.
