*An Interview with:*

**Daniel Suárez**

**Q. Did this weekend meet up with what you expected, were your expectations?**

**DANIEL SUÁREZ:** Every single thing about this weekend exceeded my expectations, the people, the fans, the sponsors, the excitement, the energy. I had expectations for this weekend, not the results but, like, the event, and I can tell you that I personally exceeded those expectations.

So very, very happy for that. Very blessed. I hope that we can do it many more times.

**Q. Do you expect this event to come back next year, and if so, what do you need to match your teammate?**

**DANIEL SUÁREZ:** Yeah, I do. I hope that we come back many, many times.

What do I need to match my teammate? You know how it is; we make decisions as a group. Sometimes they are good decisions, sometimes they are not that great decisions.

We don't have exactly the same race cars. We have different geos, different springs, so the cars are not the same. And then the strategy, too. Today the strategy didn't work out.

Do I think that with the same strategy I was going to beat him? I don't know. It's impossible to say. My car was good but it wasn't great. It was just good. It was falling off a lot in the long run.

It's hard to know. We just have to continue to work, and hopefully we get better enough in the next 10 weeks to make it into the playoffs.
