## Pit Lane Interview

Saturday, August 23, 2025

### Justin Haley

**Q. Those last two laps, if you could rescript them, what would they look like for you?**

**JUSTIN HALEY:** Obviously got shaken up there when the 5 put whoever that was three wide and then I got too far out in front, I tried to save it, but at the end of the day, I just got too far out front.

It hurts, especially with the year the 7 car has had. We obviously had a rough season. You're counting them down and just trying to play everything out. But yeah, super proud of everyone at Spire Motorsports, the Gainbridge Chevy was very fast, and the Hendrick engine shop did a great job.

It stings, but still a good night.
