An Interview with:

Denny Hamlin

Q. 59 is important to you, but to get 200 for Toyota, what is the significance of that?

DENNY HAMLIN: Yeah, it's so big for everyone at Toyota, Joe Gibbs Racing. Progressive Toyota was great there at the end. So happy to get this victory. My dad's not feeling well at home. Just shout-out to him. The whole family's here.

Fantastic day. Man, couldn't be better.

Q. In honor of your dad, how do you continually find another level at age 44?

DENNY HAMLIN: I mean, just step up. I mean, all I can do is just keep being a student of the game, keep trying to get better. Every week is a chance to get a little better.

Q. What does your friend Bill Murray say to you right before the race? He came inside the car for a good little bit there.

DENNY HAMLIN: Yeah, I just told him to talk to the guys behind me and make sure they stay behind me the rest of the race. We made that happen.

Man, it's just a great victory. Love that Denny time flag, poster is pretty good. Y'all can boo me. You can either get on the bandwagon or you can get run over by it.

Q. You still love the boos?

DENNY HAMLIN: Bring 'em. Bring 'em all.
