Tyler Reddick

Q. Tyler Reddick comes home in the seventh position, a good rebound for the day. As you look at that final overtime restart, you were in position to help your teammate and/or win yourself. How do you do that differently if you could?

TYLER REDDICK: I just tried to give him the best push I could. I was really fortunate the previous restart that he was able to hold the lead. I don't know, I tried to push him, and we just got separated.

Obviously I want to push him out, try to help him win, and then obviously keep the gap closed up to try to be in second and have a shot at it myself.

It was a tough day. I really thought our beast Toyota Camry was really fast. We just had struggles on pit road. That's part of racing. It's tough. Yeah, obviously there's only one thing we can do at Charlotte, and that's what we'll be focused on.
