## Pit Lane Interview

Sunday, February 15, 2026

### Joey Logano

**Q. Joey Logano, just released from the care center. You have to settle for third place. An eventful day. Bring me through your day and what ultimately happened at the end.**

**JOEY LOGANO:** Yeah, eventful day for sure. Had a little damage from a wreck earlier. Made a good move there at the end, we got to the top and we were rolling and found myself racing for the lead.

I had an opportunity to get underneath the Spire cars in the middle of 1 and 2, I felt like it was the right move, and I did it and put her out in the wind, I guess the damage was more than I thought because just kind of slowed down and I couldn't clear like I thought I was going to.

Unfortunately, that kind of set us a little bit further back. Missed the last lap crash into 1, and off of 4 you just kind of go where they're not. I got spun and came across the line third.

Compared to where we've been in this race recently, to see the finish is great. I ended up in the same building, but at least I seen the finish, and that's just kind of where it was.
