

NASCAR Media Conference

Pit Lane Interview

Sunday, March 1, 2026

Ty Gibbs

Q. Ty Gibbs, how good does this run feel for you and your team?

TY GIBBS: It was really great. I had a great Toyota Camry. They helped me out so much today. Had a lot of fun, and we passed a lot of cars, obviously. My guys Tyler and the boys did a great job on the strategy. I didn't really know what was going on because we pitted and I was in last, and then we went back up to the front, and it just was so much fun.

It gets kind of hectic. It kind of feels like Richmond with the pit cycles and everything at the end. Just stayed at it, and I was up at the front at the end and just kept digging just didn't have enough time. But felt really good. Thank you to Monster Energy and everybody that helps me out with my career, and thank you to the man above and we'll keep going and keep racing.
