Pit Lane Interview

Sunday, March 1, 2026

Christopher Bell

Q. Christopher, you guys had that alternate strategy towards the end. Looked like maybe you were trying to reel them in. What more did you need as you got down to the finish?

CHRISTOPHER BELL: I got that great restart on new tires, and I'm like, I'm in position here, baby, we're going to do this. Just sold out. All race long whenever I was on equal tires with guys I was falling backwards. So strategy worked out. Super thankful that Adam Stevens called a really good race, got us on offense, got me a tire advantage over the field, and then I was able to salvage a good finish out of it.

Yeah, it was an off road course race for us. Normally we're stronger than that and got saved by some newer tires.
