## Christopher Bell

**Q. Christopher, 176 laps led. Looks like you did everything right. Was it a matter of that last caution?**

**CHRISTOPHER BELL:** Yeah, I mean, ultimately. If we had more green flag laps, I think we could have made a run at him.

I don't know. You win some, you lose some. This one stings, but on the positive side I'm really proud of our entire team. The pit crew did amazing. Adam brought an amazing car. Our mechanics, engineers did really good.

It's something to build on. I don't know. It was a day that we needed. We got a lot of stage points, finished second. Yeah, just bummed whenever they get away like that.
