Ty Gibbs

Q. Ty Gibbs, fantastic run for you. You did everything good and smooth on the racetrack.

TY GIBBS: Yeah, we were really good today. I don't know. That's unfortunate. But we'll keep rolling. I think I could have done some things better there. Yeah, unfortunate there.

But very happy with my team. All the guys, I'm with the right guys. That makes a difference. So we're running good because of that. It shows.

Really happy with my team, everybody has done a great job, everybody believes in me, we all believe in each other. Happy with that.

Thank you to ampm. Car looks great. It's so rubbered up you can't even see the number. Very happy with today and how everything went. Congrats to the 12, they were really fast. I'll keep working, see where I can do better.

I thought the show was pretty cool. I had a lot of fun. It kind of sucks I didn't win, but we had a lot of fun racing out there. It probably looked cool. We'll keep rolling. Thank you to the man above, all my guys that believe in me, I really appreciate that.
