## Brad Keselowski

**Q.** Brad Keselowski comes up in the runner-up position. Led 106 laps, a big-time points day for you as well, 55 points. I heard you guys say it on the radio, it felt like you might have had the best car on the day. How do you process this?

**BRAD KESELOWSKI:** We didn't have the best car today. Not compared to Tyler. Tyler drove a hell of a race, and he's driving a rocket, and he's making it count right now.

I think we got the most out of the day we were getting to get, honest, but we scored a lot of stage points, second place, first place loser, but that's okay. We're doing the things we need to do and making the most of the days we have.

It's really cool to have the great group of cars running up front. I put a nice right-sided stripe on the car. I think that would make Greg proud. If you know Greg, you'll understand that one. A good day for Solomon Plumbing Ford Mustang.
