### Joey Logano

**Q. This is the Joey Logano battling up in the top five. Finishes third after a nightmarish weekend last week. How good does this feel?**

**JOEY LOGANO:** Solid rebound for everybody. A track we expect to do well here. Glad to see that. Weekends like last weekend you start to question everything.

Nice to have a good rebound, solid car. Our car honestly, if we were able to get to the lead, I don't know if the 9 was any better than us. He just got the clean air at the right time. If we were able to do that, we could have been in that position as well.

Proud of the team. Good stage points, which we needed in both stages, and a solid third place. Something nice to head into Easter with.

**Q. Short tracks are what you talk about. We expect you to be good. Next race Bristol.**

**JOEY LOGANO:** More short tracks, please (smiling). Definitely our strength as a team. Blaney was strong today. Austin as well. 21 ran well even.

Yeah, I mean, I feel like we definitely got our heads a little bit more wrapped around these type of racetracks. That's when you got to capitalize. You have to come out here and run top five when you have those tracks on the schedule. Got to keep working on the other ones.

Not where we need to be yet. That definitely felt nicer than last week.
