Pit Lane Interview

Sunday, March 29, 2026

William Byron

Q. William Byron led six laps today, ended up fifth. It's a constant relearn. Today had to feel like a step in the right direction.

WILLIAM BYRON: Yeah, it was good. Just missing a little bit in the one part of the corner. Just trying to sort of get the entry a little bit better.

Yeah, I thought we were good all day. We needed some track position. We had one hiccup there on pit road. Felt like our Cincinnati Chevy was good. Was really proud of that last run. We kind of came from ninth to fifth. Got to keep inching up on it.

Congrats to Chase, everybody at Hendrick Motorsports, Alan. They did a great job today. They're always fast here. Always trying to compare notes and chase them, especially on practice days.

Keep working on it and get better for the fall.
