### Quick Quotes

**Q. You had eight birdies today.**

LINDSAY WEAVER: Uh-huh.

**Q. I would imagine eight birdies with what the leader is in the clubhouse, that's got to be a good sign and good hope for the rest of the weekend?**

LINDSAY WEAVER: Yeah, I actually changed putters yesterday from this week, so I brought like three or four of them in my car when I drove here. So I kind of think I figured that out.

My putting was pretty good today. First time in a while that I've made some good putts like my old self, so that was good. I hit a lot of close shots, so that's always helpful.

Yeah, I feel like this course is just very attackable. The greens are soft so you can take dead aim.

**Q. What putter did you have and what putter are you using now?**

LINDSAY WEAVER: Both still Ping. It was a -- the first one was a Voss and now the other one I don't even know what it is. It's like a D, something, like letters and numbers. I'm not sure. But it's like more of a mallet shape.

So I was using that earlier in the summer and then I switched back to my blade putter and then just switched back this week to that.

**Q. So who cares what it's called. All you need to know is it works.**

LINDSAY WEAVER: If it goes in, I don't care. You can call it anything.

**Q. I know you withdrew last week.**

LINDSAY WEAVER: Uh-huh.

**Q. Everything must be feeling good.**

LINDSAY WEAVER: Yeah, I withdrew last week and just went home and tried to figure that stuff out. I think I did, and Dr. Thomas was helpful with that.

So now I feel a lot better this week. Didn't really think that I would, so, yeah.

**Q. Good.**

LINDSAY WEAVER: Yeah.

**Q. Good to be in tip-top shape. This is your third straight year you played this event, I believe.**

LINDSAY WEAVER: Yes, uh-huh.

**Q. Cut the first year, T.**

21 last year, and looks like you're right on that trend of continuing to improve?

LINDSAY WEAVER: I hope, yeah.

**Q. What have you learned over the first couple years about this course and how to approach it over a three-day tournament?**

LINDSAY WEAVER: Yeah, I feel like I learned quite a bit last year just about -- when I played my first year we played it in the summer, and last year played around the same time.

It does play a little bit different. The greens are just so soft this year and I feel like those courses are best for me. So I know this course a lot more, and it's nice drawing on fond memories from last year when I was playing pretty well.

So, yeah.

**Q. Usually a lot of people do scoring on par-5s, but obviously these are a little longer par-5s. You didn't birdie any of them today. But to not birdie them and to shoot 6-under, I imagine you could potentially find an even lower score over the weekend.**

LINDSAY WEAVER: Yeah, I believe I played them 1-over today, so that's not that good. Yeah, if I could just make

one or two -- yeah, one or two birdies, then I'd have a significant improvement on Par-5s.

**Q. For as attackable as the course is, can the par-5s -- can you find birdies on them?**

LINDSAY WEAVER: Yeah, I think -- and especially like 18. I just didn't hit a very good drive. Didn't hit a good drive on 14 either. So that -- I was just totally out of position and couldn't get back in.

And then 2 is kind of a difficult one with the pin today. But, yeah, I think they definitely are attackable. Any time you have a wedge in your hand it's a great line.
