

NW Arkansas Championship

Saturday, September 25, 2021

Rogers, Arkansas, USA

Pinnacle Country Club

Jennifer Kupcho

Quick Quotes

Q. An awesome round out there today. Just take me through the second day here.

JENNIFER KUPCHO: Yeah, I mean, this course is definitely not easy, at least not in my eyes. I have some bad memories from last year.

So it's nice to come out and play well, especially on holes that don't exactly sit well.

Q. You almost have a hole had one there on No. 6; 7 you go out and eagle. Take me through the eagle.

JENNIFER KUPCHO: Yeah, I couldn't go for the green. It was a little too far today. So laid up to a pretty good yardage, and, yeah, hit just past the pin and rolled back, spun back in.

So it was pretty cool, especially after Nasa hit it in.

Q. Yeah, that's her second ace in a row. She had one yesterday. You saw that one and then you see this one today. What was that like for you just watching and kind of seeing that happen as well?

JENNIFER KUPCHO: It's pretty cool. I don't think many people have done that. Yeah, I mean, I've never witnessed one, and to witness two in two days is really cool. Super excited for her.

Q. And for you being able to close with that nice shot on the last hole, what does that give you going into tomorrow? 54-hole tournaments it's kind of just take advantage of every pin you can.

JENNIFER KUPCHO: Yeah, for sure. You have to go low out here, especially out here and especially with three days.

So just going to go out and be aggressive and see what happens tomorrow.

Q. I know you said last year not the best memories.

What does that mean to you to be able to come out here and turn the corner of what you went through?

JENNIFER KUPCHO: It's really nice. I think my game has also gotten a lot better. But definitely mental game, my mental game hasn't been strong, so to be able to show that I do have mental strength, it's a really good confidence booster.
