Quick Quotes

Q. Talk about your week and how do you feel like you played this weekend?

STACY LEWIS: I played really solid. Just never really got the putter going any day. I mean, today I made five birdies and three of them were within about a foot and a half and one was a chip-in.

So just hit it really solid and never got the putter going. Again, another solid week here.

Q. Things been going kind of crazy for you with the move and all that kind of stuff.

STACY LEWIS: Yeah.

Q. Was this week you were able to slow down a little bit, or was it still as hectic as always?

STACY LEWIS: This week always goes by too fast. That's the worst part about it. It's like before you realize it it's Saturday afternoon and you're like, Where did your week go.

I wish this week would slow down. Just being on a place you're familiar, it just allows you to relax a little bit. You don't feel like you have to stress so much about the golf, and just can enjoy being around everybody.

Q. How jacked up were you after the game last night?

STACY LEWIS: That was awesome. I was following it on -- I was looking on the TVs at times to try to catch a score and people were telling me scores.

So it was cool. I had us winning by at least an touchdown, so I wasn't too shocked.

Q. Did you have temper it a little bit?

STACY LEWIS: I did. I couldn't rub it in, but I did get my daughter -- when he answered the phone last night I got her to say, Go, Hogs right when he answered, so that

made my day.

Q. We talked the other day about you had some time off and didn't necessarily practice because of how hectic everything was.

STACY LEWIS: Yeah.

Q. You mentioned maybe getting into a rhythm. I think it is safe to say you found somewhat of a rhythm.

STACY LEWIS: I did. Yeah, I found something this week. Ball striking was so much better, and it was great today with the wind picking up. Hit it really solid.

If I can just get a few more, just lining up the line and the speed a little bit better on the greens, we'll be in really good shape.

Q. When you can have a bogey-free round on any course, especially here where you can get in trouble in some spots with a lot of false fronts, is that a pretty nice feeling?

STACY LEWIS: Yeah, it was a goal. I kind of had some stupid bogeys the last two days, so my goal today was really to clean it up and make it a little bit easier on myself, which I did. It was pretty relaxing day out there for me.

Just a good, clean round.

Q. And then just being at home.

STACY LEWIS: Yes.

Q. I know you said it goes by too quick, but any fun stories from the week or anything that stood out to you?

STACY LEWIS: No. It's just such a cool week for me, and just getting to play with Maria today was a lot fun. We actually did an interview for one of our sponsors earlier this the week. The lady asked, you know, what it would be like for Maria to play with me in a final round having a chance to win. We got everything except having the chance to win part.

But it was really fun to play with her and to see the

progress she's making. You know, and to do it here in
Arkansas I know was pretty special for her.
