## Pornanong Phatlum

### Quick Quotes

**Q. All right, here with Pornanong Phatlum. Nice day today. 6-under. What was working so well for you out there?**

PORNANONG PHATLUM: I just like focus on my game and like first couple hole I hit not very good, but I try to focus on hitting and like my putting and make me like more trust on myself.

So things go well and make me like a lot of birdie out there.

**Q. Do any of those birdies stand out in particular?**

PORNANONG PHATLUM: I think today I'm putting very well. Like yesterday I didn't putt very good, so I'm trying to practice more after the round. Just focus on what I have to do and make me like more confident and like just (indiscernible.)

**Q. Were you able to see the lines out there better and read the greens a little bit better? I know they're kind of tricky.**

PORNANONG PHATLUM: Yeah, I think a little bit firmer than yesterday. Yeah, just tough line. The green is tough.

**Q. You've been playing some good golf lately. Really good golf lately. Shooting some really low scores. What's changed that has really helped you play this well?**

PORNANONG PHATLUM: I think I gained weight and made me like hit more power, and, I mean, like make me easier to get approach on the green.

Yeah, I am still working on my swing. Like last year I did change a lot on my swing and it's working well.

**Q. Last question from me. Going to be in the mix heading into tomorrow. Really soft greens out here. Really gettable golf course. What's the mindset heading into tomorrow?**

PORNANONG PHATLUM: For me, I just try to focus on myself and try to trust what I have to do and just go for it and just let it go and just do my best.
