**Q. Here with Jasmine Suwannapura after an amazing day. Best rounds on the LPGA Tour by some two shots. When did you get that feeling that a round like this was coming?**

JASMINE SUWANNAPURA: I don't think because I don't expect to have amazing round today, and I'm so behind because of yesterday's score. All I just have to do is just try my best to make birdie out there knowing everybody have chance today, so I'm just have to keep fighting to the end basically.

**Q. You fought all the way to the end of the round with that eagle on 18. Talk me through that eagle.**

JASMINE SUWANNAPURA: I know that I hit a little bit to the right and hopefully it's not in the bad lie. You know, got in front of the sign, got a free drop, and the lie was not the best because it's a little bit dry area, so I was actually slip on that shot.

Somehow it went straight, right at the pin, and Fassi was just like, that was amazing. I'm like, I don't know, I'm kind of blind. I just hope it's good.

I just do what I can do, my best on that time. It was today.

**Q. Did you know that you had to make eagle to tie Lucy Li?**

JASMINE SUWANNAPURA: I figure because I heard the crowd go pretty wild on 18 green. I'm like, well, a little bit of long putt so might be an eagle putt.

And you know, I mean, I'm already lucky enough to be that close for eagle, and I'm like, well, might as to do it.  
(Laughter.)
