Q. Been five years. Take us through the emotions of winning for the third time now.

JASMINE SUWANNAPURA: It's been a long time, and there is a time that I think I probably not going to win again, but today everything just fall in the right place right time. And we did it with my husband is even more special.

Q. How special is that? Of course coming down the line shooting 61, you knew you had to hit some shots in regulation and again in the playoff.

JASMINE SUWANNAPURA: Oh, yeah. Lucy was not the easy player to play in a playoff with, so I'm really glad to play and stay calm and stay with myself, play my game. Today happened, so I'm very happy.
