### Quick Quotes (2)

**Q. Another day at a golf tournament and another good score from you. Becoming a little bit easy at the minute?**

LOTTIE WOAD: No, I don't think so. Just played solid and hit, again, greens and pretty stress-free most of the day.

**Q. You've kept it going with momentum, and for you, it doesn't seem to end.**

LOTTIE WOAD: Yeah, I'm just trying to keep as much momentum as possible and keep playing how I was playing. It worked today so just try and do that again the next few days.

**Q. People say it's different when you start to play for money versus as an amateur. I don't see any difference. Is it different for you out there?**

LOTTIE WOAD: I mean, it didn't feel too different today. I think having all the experience I've had in majors and contending, gave me all I needed and didn't really have to change much.

**Q. What is it like playing out there with Nelly in front of these big crowds on a Scottish links course? Must be pretty special.**

LOTTIE WOAD: It was great. A lot of crowds today, which was nice, especially teeing off so early. Everyone in our group played well, so we could feed off each other a little bit.

**Q. You have a new caddie on the bag, Dermot. What is he bringing to you?**

LOTTIE WOAD: Yeah, he's just helping me out when I need a business of course management. Missed it in the right spots today, so that was really good.
