## Minjee Lee

### Quick Quotes

**Q. Minjee, 5-under 67 to end the 50th ANA Inspiration. Take us through the day and how it got to 67.**

MINJEE LEE: Yeah, yeah, I mean, I just started with like six pars I think and then I birdied two holes in a row. I think it was 7 or 8 or something like that.

And, yeah, just sort of gave me a little bit of momentum going into the back nine. Yeah, I made up three birdies on the back, so finished 5-under today.

**Q. You had the eagle in round one on No. 18.**

MINJEE LEE: Yeah.

**Q. Take us through that and how the 18th played this week with no grandstand and if you liked the setup.**

MINJEE LEE: Yeah, I mean, the first day I eagled the 18th hole, which was pretty cool. I actually saw it go in, my third shot. I think I had like 80 meters in. It was just the perfect shot and I was like, Oh, so good. And I saw it drop in, so it was pretty special.

I actually really enjoy playing the island green. I think because the tee was up every day on 18 we could sort of play like risk and reward, if you wanted to do go for it if you had a good number.

Today I went for it but the other days I didn't. Yeah, it was just good conditions today. Not much wind right now. Yeah, hybrid onto the green.

**Q. How can a round like this at a major championship kind of maybe provide some momentum, something to look back on throughout the year, like this is what I can put together?**

MINJEE LEE: I always enjoy playing this golf course, so I'm actually a little disappointed that I didn't play as well yesterday. Like I feel like I would play well here because of good ball striking, but yeah, I'm a little disappointed with this week, but I'm happy to finish on a good note.

**Q. Week off before more the west coast swing.**

MINJEE LEE: Yep.

**Q. What are the plans for week off and looking ahead to Hawaii?**

MINJEE LEE: Yeah, I'm going to go back to Dallas because I haven't been for a couple months. I'll check out my house there and just do a little bit of housework and a little bit of cleaning.

But, yeah, other than that, do a little bit more practice and get ready for the next four events.
