### Quick Quotes

The weather today was colder than I thought it'd be, so it was a bit tough. It was disappointing to get three bogies in my final four holes, but it's good to finish the final hole with a birdie.

There was a lot of wind in the afternoon today, so I'm hoping the weather in the morning will be better. I'm guessing the temperature will be lower though, so I'll probably have to wear multiple layers.
