Quick Quotes

Q. You just got finished up, round of 69 today. 5-under overall. Overall, what's your takeaway here from your performance this week?

PERRINE DELACOUR: I'm pretty happy about this week. Especially with that guy, unfortunately he passed away yesterday, so it was hard yesterday, I'm kind of glad we didn't play. But I played really good today, I played for him today. So I'm finishing in top 10, which is the first one since almost last year COVID hit, so I'm really happy about it and just keep the momentum for next week.

Q. Your friend Joel, I'm sorry to hear about his passing, but it has to feel good to be able to do this for him and his family?

PERRINE DELACOUR: Yeah, of course, I was telling the family yesterday I was going to play for him today. And like I say on the first day, I had a little star with me and he was with me today all day long. So I'm really happy for him, that I did it for him.

Q. He certainly helped you out today, you played well. Tell us about the highlights of your day today, the rain coming in late but overall what was today like for you?

PERRINE DELACOUR: Today was pretty good. We got lucky for sure with the weather. It's supposed to come at 12:00 and now is coming at 2:00. So we got really lucky. I played really solid all week long. I like the track of this course, it's really good, it's of course challenging course, but I love the track of this course and I'm really happy about my round today.

Q. Overall how is your game trending right now as we go into the next few weeks of play?

PERRINE DELACOUR: Good, pretty good. We all want more putts to drop in, but, no, it's going into the right direction, so I'm going to keep that confidence for next week.
