

# Cambia Portland Classic

Sunday, September 19, 2021

Portland, Oregon, USA

The Oregon Golf Club

## Su Oh

### Quick Quotes

**Q. Nice round of 69 today. Just a few strokes off the lead, looking at tying your career best finish, you got to be pretty happy right now.**

SU OH: Yeah, I mean, I'm glad I holed a few putts at the end, always nice finishing birdie, birdie and it's just a tough chip on the last. But I played with kind of a slow start and hung in there and just I holed a really good par putt on 6 and then I kind of got the round going a little bit and then stiffed one on 7 and then it was all -- I hit it pretty good today after that. A few more putts drop then I would have been closer, but still pretty happy with how I played this whole week.

**Q. What was it about that putt on 6? Was that something that just kind of changed the momentum that saved you there?**

SU OH: Yeah, I mean, I just, I mean 6 was playing so long today, I didn't hit my 5-wood, 5-wood for my second shot. And just holed like a 15-footer for parent, so that was all good one. Especially starting with a 6 on the first hole, started with a bogey, so, yeah, that was nice.

**Q. You said you had birdies on the last two holes. Can you tell us about those?**

SU OH: Yeah, so 16 I hit it to like 15 feet left and it was a big breaker, left to right, went in. And then it was even more break on the 17th, 7-iron again. And then it was pretty much the same kind of putt on the last as well, but it was a bit longer. But I actually hit a few like to six feet and I probably missed two from six feet today, but it's just like downhill and you can't hit them too firm, you can't get too -- you have to really like sort of baby it down there. So I feel like I holed more from 15 feet today than six feet. So yeah, that's my range.

**Q. But we're hearing these even with all the rain the greens are rolling pure and beautiful out here.**

SU OH: Oh, yeah, we knew it was going to be fast. I think because it was a bit softer that helped, but the fairways

were softer also, so we had longer clubs into the greens. It was still playing really tough. I think we got pretty lucky with the weather today, so I think we're all glad we can get it done today.

**Q. How did you spend the off day?**

SU OH: I woke up and I have to check my e-mail because chances are we might be delayed. And it was like two-hour delay and I was like, Okay I'll sleep a little bit more. And then the whole day got cancelled so I just felt like I had missed the cut, I just felt like I had to do nothing. So we went shopping a little bit. We got Korean barbecue last night so that was really good. So I came out to putt a little bit, and that's it. Pretty easy. I think it was nice having a day off, but it was also very weird.

**Q. What is that like, you build the rhythm of the week up and then all of a sudden it stops, but it's not like but you didn't miss the cut, you still got to go back and do it again?**

SU OH: Yeah, exactly. I mean it's definitely different. But I think we're all pretty used to playing golf, so it's not going to be new out here. Maybe since it's such a hike of a golf course maybe it was nice having a day off. I just came out to putt because I didn't really putt that well on Friday. But it was kind of nice in a way and a bit strange in a way. I guess everyone that doesn't finish first wishes there's another day tomorrow, right? So, but still second is not a bad finish, so best one for the year, so hopefully get some momentum going into the next few tournaments.

**Q. What can you tell us about the beauty of Oregon and your experience coming to this state?**

SU OH: Probably food. Culture. Good golf. I mean, I always, even when we were playing on the other golf course there was a cafe called Proud Mary that I went there every day like to get coffee because it's like an Australian-owned cafe. I haven't found one over here. But we know the food's going to be good this week, golf's good, the views are nice, so it's a little bit hilly, but still nice, yeah.
