## Nelly Korda

### Quick Quotes

NELLY KORDA: I did have a lot of fun today with my game. But I played solid. You know, was a little different today. Was a complete opposite wind, so had to really adjust to that.

**Q. This is a course that I feel like a lot people are know for going low, too. When did you really start feeling it click, especially with those few birdies on the first couple holes?**

NELLY KORDA: Yeah, I was just hitting it solid and hitting my lines on the putting green and they were just rolling in.

They're po greens and I'm not really used to poana a greens; I'm used to bermuda. It's a very big difference.

But I'm glad I putted well this week. Just going to take it to next week hopefully.

**Q. Next week, another major right in front of us. Feels like we just had ANA. But from what you learned from your experience at ANA and just a great week here, what do you hope to take away as you begin next week preparation?**

NELLY KORDA: You know, consistency is key, and the more rounds you play under pressure the more you learn.

You know, I'm just going to take what I learned at ANA, stay calm, and just play my game.
