Q. Do you like links golf?

YUKA SASO: Yeah, it's fun. Like I said in British Open it's new experience for me. I've never really had an experience links golf, so it's not like you have to hit it high. It's more like trying to, you know, what's in the front, what's the number that I have to hit.

So that's challenging and I really like it.
